

Arca2600

High Volume Cash Dispenser

Intelligent design, unlike any other.

We designed the Arca2600 to be simple, trouble free, easy to load and manage. We provide a unique, universal connectivity interface that allows it to work with any cash management application.

Available as either front or rear access, the Arca2600 is a durable, rugged, space saving machine that will help you become more accurate, reduce the amount of time spent counting and balancing, and provide additional protection of your cash. With it's sophisticated, ultra-quiet performance, it may just become your new best friend.

- Speed transactions
- Simplify end of day balancing
- Automate vault buys
- Reduce exposed cash
- Improve customer experience
- Ensure accuracy

Experience better transactions™

Arca2600 Benefits

Easy To Use

Remove cassettes with the push of a button. Cash loading is quick and easy, without the need to rack out the unit.

Front or Rear

The Arca2600 can be ordered to dispense to the front or rear to fit any layout design.

Small, Compact Size

The height and depth of the Arca2600 allows it to fit under standard teller counters without modification. The service area required is minimal - making this unit the right choice for many tight spaces.

Maximum Capacity

While compact in size, the Arca2600 holds up to 18,000 notes in six cassettes. The single note divert feature avoids inefficient bulk note rejection.

On-board diagnostics.

On-board diagnostics constantly monitor the health of the machine and can identify service issues before they happen.

Safe and Secure

Our UL 291 Level 1, 24 hour safe, enhances the protection of your cash and your employees. A full range of alarm and lock options allows additional levels of security and control.

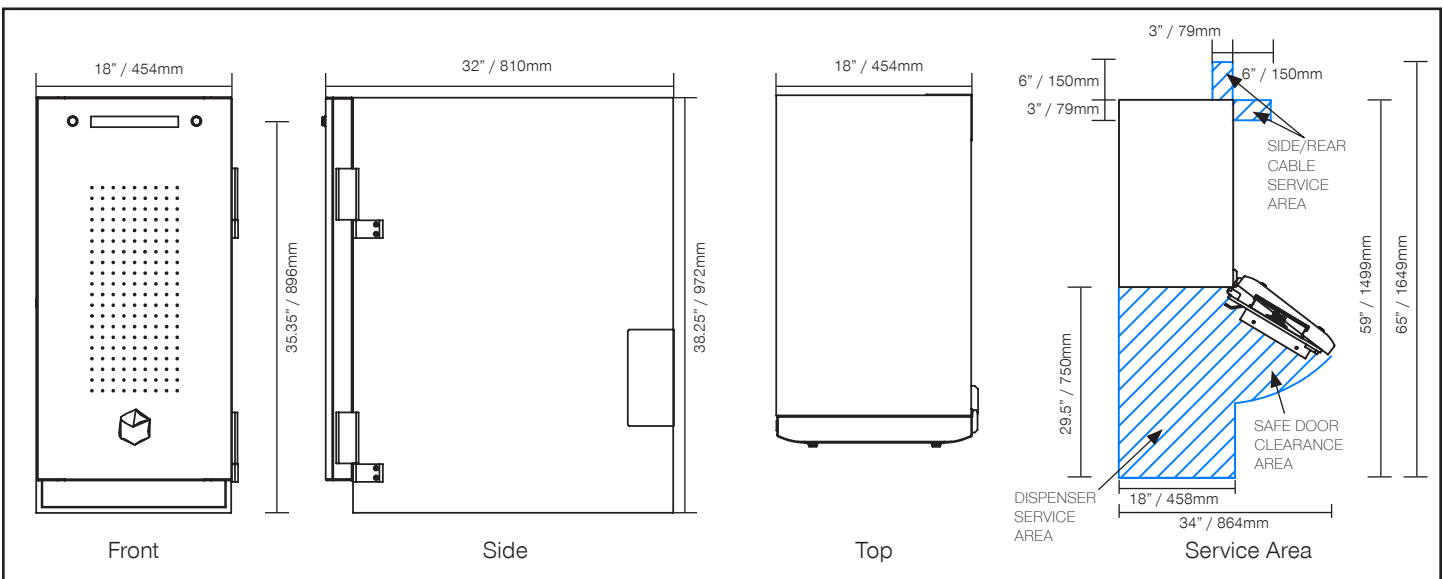

Quiet Operation

Engineered to reduce environmental noise, the Arca2600 operates quietly, eliminates distraction and reduces stress.

Configuration	
Front Access	Front Dispense
Rear Access	Rear Dispense
Number of cassettes/denominations	6 cassettes (Arca2600) 5 cassettes (Arca2500)
Note Delivery	Bunch
Total Capacity	18,000
Capacity per Cassette	3,000
Security	
UL 291	UL 291 Level 1 Safe (24 hour)
Alarm options	Seismic, Thermal, Door contact, Power Timer
Lock options	Dual control access locks include: Mechanical, Electronic with time delay, ambush alarm, or audit trail.

Dimensions	
width (in / mm)	18" / 457 mm
height (in / mm)	38.25" / 972 mm
dispense height (in / mm)	35.35" / 896 mm
depth (in / mm)	32" / 814 mm
weight (lbs / kg)	1035 lbs / 469 kg
Connectivity	
RS232C	3 Host (RS232C) connections
LAN/Ethernet	LAN/Ethernet connectivity enabled
USB	USB Connection
Emulation	On-board emulation of common dispenser protocols
Coin	2 Coin dispenser ports
Coin Dispenser Options	
Coin Dispensers	Supports single and dual sided coin dispensers.
